Christian Wildt, Hanse Parlament, (Germany)

13.20 Open Questions and Discussions

dr. Diana Micevičienė, Panevėžio kolegija/State Higher Education Institution, (Lithuania)

Interested in digital in VET systems?

In the work-based learning system, the impact of digital tools such as AR, VR requires a rethinking of methodologies and pedagogical approaches aimed at young people and adults. During the event, we will discuss how trainers of vocational training systems, with different levels of digital literacy, can act to actualise learning environments with respect to the technologies in use in production systems, and provide learners with competences and skills for appropriate job placement.

Erasmus+ for all!

Digital WBL is an Erasmus+ cofunded initiative to develop a pedagogical approach to support VET teachers in designing, delivering and evaluating their learning experience using digital tools.

Why join this online event?

- to learn about a toolkit to support the teacher in building alliances in the local training ecosystem, and to ensure multi-stakeholder collaboration in the realisation of digital wbl experiences
- to share your opinion, your experience on the use of digital in learning at work, to give us your point of view and your suggestions
- to get a free, reusable, and adaptable repository of materials to design your digital training experience
- to join the community of Digital WBL Ambassadors, true promoters of Digital WBL in their own work and learning environments

We are looking for meeting you!

Are you a trainer, HR, business tutor, coach, coordinator or teacher in the Vocational Education and Training sector? We are eager to know your experiences, hints and tips you'd like to share on how to implement the Digital in Work-based Learning.

DISCOVER MORE ON DIGITAL WBL!

- Visit the Digital WBL website <https://digitalwbl.com/>
- Use the Guidelines and the Toolkit to implement Digital WBL experience at local level
- Test your readiness for Digital WBL implementation running the “Entry test”
- Engage in the training path, becoming a VET Trainer Expert in Digital WBL
- Share your best practices on implementing Digital WBL experiences
- Apply the VPET - an online tool to evaluate a specific digital VET practice
- Be part of the Digital WBL Ambassador community!
